The ladies of Central Christian church have devised a unique plan
for raising money toward building their new church. They have

Borax Washing Compound

an article highly recommended for use in hard water, and for washing
clothes without rubbing. It is absolutely harmless to hands and fabric
and is excellent for washing dishes, sinks and bath tubs. A house-
hold expense of the city will be made by the ladies and orders taken for
the compound will be filled by the retail groceryman at five cents for a
twelve-ounce package.

A. C. HUSEY HAS OFFER

He Might Become Immensely Rich,
But Refuses.

Mr. A. C. Husey, the Republican mem-
ber for member of the legislature, in
this city, may come into possession of a
very large fortune. He has been in-
formed in strict confidence how to ob-
tain this large fortune by a green goods
man of Utah, Pennsylvania. Of course
the letter was written in Mr. Husey's
strict confidence and he does not think
he is betraying any confidence by show-
ing it to the Eagle.

Stripped of all incense the propo-
sition by the Utah man is to sell Mr.
Husey a large amount of counterfeit
money, just as good as the genuine, for
a small sum of the genuine stuff. "Do
you wish to better your financial con-
dition and be a power in your community?"
the man at Utah writes. "That is just what
Mr. Husey has been working hard to do
for these many years and that part of
the letter interested him at once."

After stating that in the confidence at-
tending the assassination of the president,
he was enabled to slip some of the
plates from the treasury department, this
maker of other people's fortunes
says:

"In this business I cannot afford to
complete a first-class transaction unless
as man to man, face to face—and this
is the only satisfactory way for both
parties, as then you see what you are
buying." This was another part of the
proposition which met Mr. Husey's ap-
proval for he has been a little time in his
business and he has never yet known a
big in a poker. However, when the green
goods man instructed him to send a tele-
gram to Edward King, 103 South St.,
Utah, Pa., with the words: "Send terms
and details," Mr. Husey's suspicions were
aroused and more so when the latter went
on to state that in no case should a let-
ter be addressed to him because he could
not receive it, but that when he got the
telegram he would arrange a safe place to
meet Mr. Husey.

A. C. Husey is in the habit of signing
his name in a bold hand in all business
transactions and he did not take kindly
to this Pennsylvania method. He in-
forms the Wichita man in the strictest
confidence that \$500 will buy \$2000 of his
goods and on up until the last, when he
states that \$200 will buy \$1000. The
following is what broke Mr. Husey's
heart and caused him to come very near
dropping dead:

"Do not let your conscience prevent

you are taking advantage of a chance
that will never come to you again, for
you have nobody but the government
and it can very well afford to stand any
loss. Now I have shown you how you
can get rich easily and quickly—how you
can improve your position and be a power
in the land. If you are the man I take
you to be, you will not let the chance
escape you and I will be pleased to send
you a sample of what I claim and insist
are the only real goods that can be safely
and profitably handled."

Mr. Husey is now interested in the
company and more than likely will not have
the time to take advantage of this busi-
ness proposition to become a power in
his community and as the Utah man is
evidently going on the principle that a
goodly number of men, every minute in
the day, he will doubtless find some one
else that will accept his proposition.
The meantime, Edward King of Utah,
of course that is not his name, is re-
ferred to the careful attention of govern-
ment by Mr. Husey. Some of them
might be able to meet him at a safe place,
although Husey is not making money for
himself or becoming a power in the land
in that way.

IF A MAN LIE TO YOU
And say some other false statement,
and tell you he is a good man, as good as
Husey's, and he did not take kindly
to this Pennsylvania method. He in-
forms the Wichita man in the strictest
confidence that \$500 will buy \$2000 of his
goods and on up until the last, when he
states that \$200 will buy \$1000. The
following is what broke Mr. Husey's
heart and caused him to come very near
dropping dead:

PLANS WERE DISCUSSED

At Meeting of Superintendents
of Exposition.

PRATT COUNTY TO EXHIBIT

Business Men Give Project
Their Hearty Support.

Superintendents and members of the
various committees of the exposition and
arrived yesterday in the Chamber of
Commerce rooms in the city building and
discussed the plans for the fair. The su-
perintendents have formulated some
schemes which if properly carried out
will introduce some new, novel and enter-
taining features of the exposition and
carriage, and things which have never
been attempted in the west before. In
order to do this they must have the
hearty support of every business man
in the city. The details of the plans have
not yet been made, and these will work
out as the days go on. Everything that
is placed on exhibition this year will be
so placed and decorated that the people
will show to their best advantage. Many
artistic features will be introduced to
make the exposition all the more enter-
taining.

The superintendents are working hard
and spending a great deal of time getting
things in shape for the exposition. It must
be remembered that the men looking this
project are business men of this city
and they have all of their own affairs
to take care of as well as the extra work
incidental to the exposition and carnival.

Mr. H. L. Reising, secretary of the
association, went to Topeka yesterday to
confer with the state officials regarding
the agricultural and livestock displays.
He will spend several days at the capitol,
working along lines that will lead to
bringing out the resources of Southern
Kansas to the best possible advantage.

There is going to be hundreds of people
here from eastern states during the fair
and Kansas must and will make a show-
ing. The railroads are working on the
proposition to bring trainloads of people
from Illinois, Iowa and other eastern
and northern states to Wichita during
the exposition. The railroads made this
proposition only on condition that the
fair will be truly an exhibit of the pro-
ducts of Southern Kansas and Oklahoma
and the committees are working hard
along this line.

The counties over the state have in-
dorsed the idea of having county dis-
plays. Mr. John Ratcliff of Pratt county
was in the city yesterday, conferring
with Mr. Dean about the Pratt county
exhibit. He stated that his county
state would make an exhibit worthy of the
county and state, and he wanted to know
how much space and what requirements
were necessary for the counties to make
the exhibit. It will cost nothing to make
the exhibits except the freight charges
on the goods. There will be no limit to
space and the county departments will
have full swing in making their displays
as large and artistic as possible, and
prizes will be offered for the best display.

Mr. Dean, the president, will open of-
fices in the Chamber of Commerce rooms
in the basement of the city building the
first of the week. Here all who have
business regarding the exposition will
find him, and where all business will be
transacted. Mr. Dean has requested that
all who expect to make exhibits of pro-
ducts this fall should bring samples to
his office at once, to let him see them,
and this will enable him to make the best
possible classification of the various dis-
plays.

The merchants have responded quite
liberally to the fund for carrying out
the exposition. A large number have not
been called on as yet, as will be seen
by the list given below, but it is expected
that this week will end the canvassing.
The officers and committees are very
grateful to the merchants for their lib-
eral response to the call for subscriptions
and the men behind the project will bend
every effort to make this festival a suc-
cess in every way and will see that every
cent of the money subscribed will be ex-
pended judiciously.

CIRCUSES ARE NOT ALL ALIKE
Some May Resemble Others, But the
Wallace Show Differs From All.

The old saying: "If you see one circus
you see them all," is no longer true.
There is only one Wallace Show. It is
in a class by itself, different and dis-
tinct from all other circuses. Many
shows fail to leave any impression upon
the minds of their patrons, and many
shows are given which are remembered
by their patrons. Not so with the Wallace
Shows, which exhibit in this city on
Saturday, July 26. The minute the Wal-
lace show is mentioned to any one who
has seen it, there immediately crowds
into that person's mind a score of promi-
nent features. Mentally he sees again
the finest horses in the world, the hand-
somest cages, the fat, healthy and well-
rounded animals and the show of 100
Shetland ponies. Then he remembers the
entrancing and charmingly played music
by Professor Benson's Military Band, the
mysterious rolling globe, the statuary,
the Stirk family, the amusing trained razor-
blade place, trained pigeons, dogs, mon-
keys and elephants and last but not
least, the only and exciting gen-
eral races ever put on under canvas. The
Wallace always remembers the splendid
and handsome costumes of the performers.
The people not only consider the Wallace
Shows the highest class circus in the
world, but they think so. Exchanges re-
ceived from cities where the Wallace
Shows have been exhibiting the past ten
days all agree that the Wallace Show
is indeed a better show than any other
ever before. Their regular show will
exhibit in Wichita, Saturday, July 26.

THEY ARE CORRECT.
The following report was made by the
auditing committee of the Wichita Per-
petual Building & Loan Association, at
the conclusion of their labors this week:

"To the Board of Directors of the Wich-
ita Perpetual Building & Loan Associa-
tion:

"Statement: We, your committee, ap-
pointed to audit and report to the bank
commissioner and the books and accounts
of the secretary and treasurer of the
association, for the term ending June 30,
1902, beg leave to submit the following:

"We have examined the accounts of the
treasurer and find them to agree with
the books of the association, and the
amount in his possession June 30, 1902,
to be \$250.34, against which are outstanding
checks amounting to \$12.18, making
the true amount of available cash, \$238.16,
which agrees with the secretary's books.

"We have examined the report to the
bank commissioner, and find it agrees
with the books of the association.
We have examined the books of the
secretary, and find them neatly and ac-
curately kept, and have verified the notes
and mortgages with the same and find
them correct therewith, and find the
constitution of the association to be truly
represented in the report to the bank
commissioner, dated June 24, 1902. Re-
spectfully submitted,

"W. E. BON DURANT,
"J. A. DAVISON,
"EARL BLAKE," Committee."

The report referred to above will be
published in full in the paper as soon as
approved by the bank commissioner, and
a copy thereof mailed to every stock-
holder.

The gentlemen composing the auditing
committee, are well known for their
qualifications in this particular line of
business, and expressed much satisfac-
tion with the system of bookkeeping em-
ployed, which enabled them to go through
this vast amount of work in a very short
time.

C. B. Fulton, proprietor of "Wichita's
Greatest Clothing Store," who has been
superintending at Emporia, Kan., Mo.,
for the past month, returned home Sat-
urday morning greatly improved in
health. Mr. Fulton says the rest and
excelsior springs water did him much
good and that he is now gaining flesh
and feels himself again.

Dysentery
Is a dangerous disease, but can be cured.
There is a remedy that never fails. It has
been used in all cases of dysentery
with perfect success. It is called
Chamberlain's Colic, Cholera
and Diarrhoea Remedy.

It is equally valuable for children and
when rubbed with water and sweetened,
is pleasant to take. Price, 25 cents a bottle.

CLERKS WERE ENTERTAINED

A SOCIAL STEEPER.
Miss Maude Hitchcock of Wellington
was the guest of honor at a small supper
given in her honor by Miss Edna Daitlin
at her home, 161 North Topeka Thursday
evening. Supper was served at 8 and af-
terward the girls took a trolley ride over
the various lines in the city. The party
was one of the most pleasant of hot
weather affairs and will long be remem-
bered by the fortunate guests who were:

Miss Maude Hitchcock and Miss Berlie
Mockford, both of Wellington, Miss
Blanch Imboden, Miss Beale Innes, Miss
Donna Fisher, Miss Della Purdie and
Miss Mary Findlay.

LAD OUT SOCIETY
Postoffice Force Takes a Trolley Ride
for Example.

The postoffice force last night took a
trolley ride over this city, which cannot
exactly come under the head of society.
It was more than a society event. The
only excitement of the trip was at the
stockyards, where Frank Fisher, W. E.
Barlow and Chas. Little waded too deep
into Linderville and missed connections
with the car which to them seemed to
leave almost abruptly. The difficulty was
overcome, however, by their making a
run through a cornfield and heading off
the electric conductor. No better idea can
be given of the ride than to quote Mr. J.
T. McDonald from the following program:

Car leaves corner of Main and Douglas
at 8:30 p. m.

First Trip, South Main—Shoot the Loops
at Main and Lincoln. Refreshments, pea-
nuts and ice water.

Second Trip, Lincoln Park—Promen-
ade the loop. Entertained by Mosquito
quartette, Chiggers on the side.

Third Trip—Moonlight ride to College
Hill. Music by Prof. Barlow's orchestra.
Refreshments, ice cream, more water.
Address by Mr. McCoy, Smoker and
Baker.

Fourth Trip, North Topeka—Shoot the
Loops. Songs by Prof. Bracken's quar-
tette and others.

Fifth Trip—Linderville or bust. Ad-
dress by Little, what he knows about the
North End.

tionally good time were: J. T. McDonald

CARRIED TO HUSBAND'S GRAVE
Pathetic Story of Oklahoma's Young
Wife and Baby.

The death of William Beckmeyer of
Braman, O. T., in this city yesterday is a
very pathetic story of the net of unfor-
tunate circumstances that have been
crushed about him and his wife and baby.

Beckmeyer was brought to the hospital
in this city to be operated on for appendi-
citis, but was in too serious a condition to
have the operation performed. The funeral
took place last evening at 6 o'clock
from Gill's undertaking establishment.

The young wife of the dead man had to
be carried to the place for she is just
recovering from a severe attack of typhoid
fever, which followed the birth of a
baby, which was just six weeks old
yesterday.

SAVES A WOMAN'S LIFE
To have given up would have meant
death for Mrs. Lela Cragg, of Dorchester,
Mass. For years she had endured
untold misery from a severe, lung trouble
and obstinate cough. "Often," she writes,
"I could scarcely breathe and sometimes
could not speak. All my doctors and
nurses failed till I used Dr. King's New
Discovery for Consumption and was com-
pletely cured." Sufferers from coughs,
colds, throat and lung trouble need this
grand remedy, for it never disappoints.
Cure is guaranteed by G. Gehring's phar-
macy. Price 50c and \$1.00.

HE'S THE ELEVATOR MAN
George Ocanforth to Take a Trip as
Another's Passenger.

Geo. Ocanforth of this city leaves for
Denver and also a trip down to Huron
Springs. In fact he is going out for a
good tour of the country. He will be
gone three weeks. Geo. Ocanforth's prom-
inence may not be recognized, but the
little elevator man in the Sedwick block
will be remembered by every one that
rides in his "machines" and will be mis-
ed by them when he is not at the switch
next week. The young man occupies a
very prominent part in many events, for
with always a bright smile, he wins the
confidence of all passengers.

The soul of courtesy, no complaint can
be found existing against him. The
writer as one of his passengers with all
the rest wish him a merry and profitable
tour.

GASOLINE LAMP FIRE
Department Called Out to Jones Tea
Company's Store.

The fire department was called out at
11:30 last night to the Jones Tea com-
pany store on North Main street. A gas-
oline lamp in the store caught fire and
was making considerable noise when the
alarm was turned in, but one of the em-
ployees of the store carried it out into the
street before the companies arrived.

Now Is the Time to Subscribe.
The German American Building and
Loan association is now a year old and is
one of the growing institutions of Wich-
ita, adding new members every day.

The dividend declared for the past six
months has been \$1.00 per share and
its installment stock, which is issued at
\$1.00 payable \$1.00 each week. A new
series was opened July 1, and remains
open only a few weeks.

The association meets Monday night,
at the American State bank, where sub-
scriptions can be left at any time. There
is no better investment or savings in-
stitution. Now is the time to subscribe.

Young Deer Arrive.
Chas. Fulton, the animal dealer, re-
ceived some spotted deer yesterday.
They will be on exhibition at his place
for a day or two at the end of the West

Contagious Blood Poison

Is the name sometimes given to what
is generally known as the BAD DIS-
EASE. It is not confined to dens of
vice or the lower classes. The purest
and best people are sometimes
infected with this awful malady
through handling the clothing,
drinking from these vessels,
using the same toilet articles, or otherwise coming in contact with persons
who have contracted it.

It begins usually with a little
blister or sore, then swelling in the
groins, a red eruption breaks out on
the body, sores and ulcers appear
in the mouth, the throat becomes
ulcerated, the hair, eye brows and
lashes fall out; the blood becoming
more contaminated, copper colored
spitoches and pustular eruptions and
sores appear upon different parts of
the body, and the poison even destroys the bones.

S. S. S. is a Specific for this loathsome disease, and cures it even in the
worst forms. It is a perfect antidote for the powerful virus that pollutes
the blood and penetrates to all parts of the system.

Unless you get this poison out of your blood it will
ruin you, and bring disgrace and disease upon
your children, for it can be transmitted from parent
to child. S. S. S. contains no mercury or potash,
but is guaranteed a strictly vegetable compound.

Write for our free home treatment book and learn all about Contagious
Blood Poison. If you want medical advice give us a history of your case,
and our physicians will furnish all the information you wish without any
charge whatever.
